I would like to thank all the people and families who have continued to support our out of hours secondary ‘event’ activities. These have provided valuable opportunities for our secondary students to explore the many dimensions of event management.

I know you understand the value of reading to children in their younger years. Research is now showing that students who are read to regularly and who are also attempting to read to their parents are showing significantly higher literacy levels. Where time permits, I continue to encourage you to keep listening to your child read, and when you have the chance find some interesting stories to read to your child.

Kind Regards Stuart

Murder Mystery Night

On Friday the 1st of April we will be hosting a Murder Mystery Escape Night at the school. Participants will be ‘locked’ in a room, and have to solve a series of brain teasers and puzzles to escape to other rooms. Along the way they must find out who the murderer or perpetrator of the crime is. The event will take place at 8:00PM, though we ask that you arrive at 7:30PM so we may explain the rules and organise the groups. Only 24 places available, so be quick. Ages 12 and up only.

R.S.V.P. by the 23rd of March, via phone: (63592021) or email: (holly.barnewall@education.tas.gov.au).
